

## Saw-Whet Golf Course Selects Total e Golf

### *Beautiful Oakville course makes the move to Total e Golf*

Toronto, Ontario January 20<sup>th</sup>, 2010 – Saw-Whet Golf Course is a fully public 18 hole golf course located in the heart of the beautiful city of Oakville. Named after the Saw-Whet Owl, the course is a very inviting yet challenging test of golf that sprawls over 150 acres. With a great practice facility that includes a full driving range, chipping and putting greens and one of the area’s most beautiful patios, Saw-Whet is the perfect place to come out and enjoy a relaxing day of golf with family, friends or just on your own.

Built, owned and operated by the Patterson family, General Manager Gari Ingertsa was looking for an easy to use software platform that he could depend on. Having used another product for the last 10 years, reliability and customer support were the two key issues that he identified as instrumental in making a change.

“We are extremely satisfied with the decision to switch to Total e Golf. Their customer service and support team are very responsive,” says owner, Mike Patterson.

Dave Spylo, Director of Golf Operations for Total e Golf says, “Saw Whet is already a very busy and successful operation. We are extremely excited to add them to our expanding group of successful golf operators. They value our commitment to taking care of our customers on a personal level along with providing them with a state of the art platform.”

About Total e Golf:

Total e Golf is a fully-integrated software suite that gives golf course operators the ability to manage their operations to their potential. Total e Golf delivers comprehensive business management solutions for numerous golf facilities including Cardinal Golf, Golf North, Wooden Sticks, and John Daly’s Thundering Waters.
